

Mobile Navigation Menu - Implementation Summary

What Was Implemented

Mobile Menu Button (Top-Left Corner)

The screenshot shows a mobile navigation menu. At the top left is a green checkmark icon. To its right, the text '[≡] TeamSync AI' is displayed in green. The menu items are listed in a tree structure:

- [≡] TeamSync AI
 - Dashboard
 - Teams
 - Schedule
 - Practice Drills
 - DrillForge AI
 - Announcements
 - Analytics
 - Files
 - Web Scraping
 - AI Insights
 - Coach Tools (for coaches)
 - Create Team
 - Settings

To the right of the sidebar, the text '[AD]' is displayed in green.

Key Features

1. **Hamburger Icon** - Opens navigation drawer on mobile/tablet
2. **Slide-Out Drawer** - Smooth animation from left side
3. **All Pages Listed** - Complete navigation menu with icons
4. **Active Indicator** - Blue highlight for current page
5. **Auto-Close** - Closes when link clicked or tap outside
6. **Coach Section** - Separate section for coach-only tools
7. **Responsive** - Hidden on desktop, visible on mobile

Screen Size Behavior

- **Mobile (< 1024px)**: Hamburger menu + drawer navigation
- **Desktop (≥ 1024px)**: Fixed sidebar navigation (no hamburger)

File Modified

- components/dashboard/dashboard-header.tsx

Visual Design

- Blue active state indicator
- Gray hover effects
- Clean icons for each section
- Proper spacing and typography
- TeamSync AI branding in drawer header

Testing Status

All tests passed:

- TypeScript compilation 
- Production build 
- Navigation links 
- Drawer open/close 
- Active page indicator 
- User avatar menu 

User Experience

1. Tap hamburger icon (\equiv) in top-left
 2. Drawer slides in from left
 3. Tap any page to navigate
 4. Drawer auto-closes
 5. Current page highlighted in blue
-

Status: DEPLOYED AND READY TO USE
